You can save about \$2, and have a better remedy than the ready-made kind. Easily done. [\$2525252525252525252525252525252525]

If you combined the curative proper-ties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few min-

utes.

Get from any druggist 2½ ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets

astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, eroup, whooping cough and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

MONTPELIER

A community Christmas tree was the feature of the holiday in Montpelier on Wednesday, the churches having conduct-ed their exercises suitable for the occasion at different times during the week. Owing to the snow and rain of the preceding night the streets and sidewalks were in a sloppy condition, to which was added the rain that fell most of the afternoon and materially reduced the number of children and adults attending the annual function, which was in charge of the Woman's club and city fathers. Street Commissioner Witham had charge

of placing the large tree, around which were placed many smaller ones, while the Woman's club provided the candy that was given the children. Under the suggestion of Chief of Police Connolly, who handled the city's end of the program, instead of having the packages presented from the porch of city hall, the hildren went into the main corridor of the hall. Therefore, a checking up of all hose who went into the building was provided, with the result that for the first time since the scheme of the community tree was installed more than a single package was presented to each eft over.

Charles H. Thompson, manager of the Vermont and Quebec Power company, was granted a divorce Tuesday afternoon rom Ruth Thompson of Northampton, Mass. The petition was entered during the day and heard in the afternoon by Assistant Judges C. H. Dana and G. H. Dale, who came to Montpelier for the pecial hearing in the matter. E. M. Harvey represented the petitioner. No contest was made relative to granting the divorce, although the petitionee was represented in court by F. E. Gleason.

Leo DesLaurier, who appeared in the casualty list this week as having died in action, but who has returned to his home n St. Albans, is a cousin of Fred Des-Laurier of Montpelier, who saw service in the Spanish-American war and then served in the Philippines while the organzation of a government was taking place.
